Gary, check Item 3, are you ok with updating those items. the TCRA was addressed at the big meeting. I have responded back to Snehal regarding the rest of the agenda which is mostly CEI business.

Here's the draft agenda for next week's meeting. Let me know what you think by tomorrow. I would like to send it out on Monday as is our protocol. Mostly going over the CEI. Will you have comments from the last meeting to share with the group in a written document?

I have also received inquiries about a citizen advisory group that forms in a superfund process. What are your thoughts on that? There is someone listed on your EPA website. I have received a recommendation of someone who would be good to include. I think it is a good way to include the community.

Thanks and hope you are all doing well.
Snehal
